## Solar project manager

### Ma recherche

---

Je recherche tout type de contrat, dans toute la France, dans le Batiment.

### Formations

---

**12/2016** : Bac +5 à National School of Electronics and Telecommunications of Sfax  
Industrial Data Engineering

**12/2011** : Bac +2 à Preparatory Institute for Engineering Studies of Gafsa (IPEIG)  
Preparatory cycle for engineering studies

**12/2009** : Bac à Secondary High School Lessouda Sidi Bouzid  
Bachelor Mathematics

### Expériences professionnelles

---

**03/2020 - 12/2020** :

Photovoltaic project manager chez Geec: Global Engineering Energy & Construction sur Lac 1  
Executing the project within set guidelines & procedures. Develops, reviews & monitors status reports & budget expenditures. Managing the various life cycle of the project.

**01/2018 - 12/2019** :

Electronic engineer chez Basic Cooperative Company For Agricultural Service 'tadhamon'  
Design of a remote control system for abnormalities in animals. Real-time data processing.

**12/2016 - 12/2017** :

Embedded system engineer chez Tunisian Development Systems  
Conception and realization of electronics model. Manufacture of PLC.

**01/2016 - 06/2016** :

End-of-study project chez Spectra sur Sfax  
Design and realization of a system for remote control of an installation photovoltaic pumping. Follow the characteristic quantities of photovoltaic panels; Command Remote Start / Stop by GSM; Visualization of the system via a LabView interface.

**08/2015 - 08/2015** :

Engineer internship chez Karama Sarl sur Sidi Bouzid  
Developing a sound recording application with LabView.

**01/2015 - 05/2015** :

End-of-Year Project chez Enet'com

Production of electrical energy from a wind turbine in a mobile system. Generate an electric current from a wind turbine and design this system based on a microcontroller that controls this production energy.

**08/2014 - 08/2014 :**

Technician internship chez Sicad-coala

Observation of the work of the workers and the work in chains; knowledge of the different tasks of production.

## **Langues**

---

Arabe (Oral : maternelle / Ecrit : expérimenté), Français (Oral : courant / Ecrit : intermédiaire), Anglais (Oral : courant / Ecrit : intermédiaire)

## **Centres d'intérêts**

---

Trip, Internet, Robotique, Sport
